Checklist for Determining Student Eligibility

SNAP rules limit the eligibility of certain groups of people, including students. Follow this checklist to determine if an applicant meets the criteria of an “eligible student” under SNAP rules.

Please note that there are additional SNAP income and eligibility rules that all SNAP applicants, including students, must meet in order to qualify to receive a SNAP benefit each month.

1. Establish applicant’s status as a student.

The applicant:

- Yes** **No** Is enrolled in a higher education institution that normally requires a high school diploma or equivalency certificate for enrollment. This includes but is not limited to: colleges*, universities*, correspondence school or online courses, vocational and trade/technical schools at the post-high school level.
- Yes** **No** Is enrolled at least half-time (using the school’s definition of half-time).
- Yes** **No** *For an applicant applying between semesters:* intends to register for the next school term.

If “Yes” to all of the above, the applicant is considered a student and the student rule applies. Proceed to Step 2. If “No” to any of the above, the applicant is **not** considered a student and the student rules do not apply (continue to screen applicant under regular SNAP rules).

2. Is the student enrolled in a college meal plan?

- Yes** **No** The applicant receives 50% or more of their meals from a college meal plan.

If “Yes”, the student is **not** eligible for SNAP, as he/she is defined as living in an institution.

If “No”, continue to Step 3.

3. Does the student meet ANY of the following exemptions?

Student Is Working:

- Works an average of 20 hours per week.
- Self-employed an average of 20 hours per week and receives average weekly earnings at least equal to the federal minimum wage multiplied by 20 hours.
- Eligible to participate in state or federal work-study, regardless if the student is actively employed or participating in work-study.**

Additionally, those considered “eligible students” are exempt from:

HOW DO YOU KNOW IF YOU ARE ELIGIBLE FOR SNAP?

New program rules make many more students eligible for SNAP dollars to spend on food

ELIGIBILITY DEPENDS ON YOUR INCOME, BUT ALSO:

- How many people live with you, sharing grocery costs and preparing meals together. Even if you have roommates, you can still apply just for yourself as a household of 1.
- The age and disability status of the people in your household
- Where you get your income

WHAT STUDENTS ARE ELIGIBLE UNDER THE EXPANDED RULES?

Students ages 18 - 49 enrolled in higher education at least half time who either:

- Qualify for Federal Work-Study (even if not participating) OR
- Have an expected family contribution (EFC) of \$0

Note: students need to meet income guidelines AND one of these requirements to be eligible

USE THESE CHARTS TO CHECK IF YOU MAY BE ELIGIBLE:

IN YOUR HOUSEHOLD:

- IS ANYONE 60+?
- DOES ANYONE HAVE A DISABILITY?
- DO YOU HAVE CHILD CARE EXPENSES?
